

BISS @Olympic Park

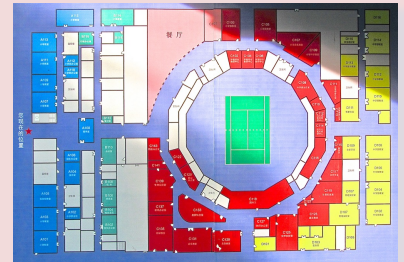

Beijing BISS International School

北京BISS国际学校

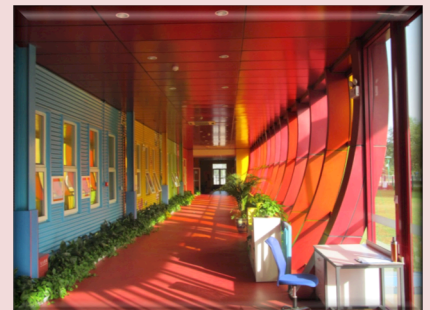

To BISS parents and students community members,

The academic programme, family atmosphere and results of BISS have always been of the highest quality, and are a top priority to us. We have also been working hard over many years to expand our campus and facilities. We now bring you this first part of the exciting news that BISS is expanding its premises with an additional campus, named **BISS@Olympic Park**.

It has taken the management months to finalise the arrangement, and we are now ready to make use of the many additional facilities that comes with **Chaoyang New Champion International School, Beijing (NCIS)**. Madame Yang Xi, captain of the first China Women's Volleyball team to win the Olympics and World Championship for a reign of 10 years in the 80s, started NCIS on 1st September 2012. NCIS is currently in its second year of operations, and runs a professional tennis programme that has seven of their pioneer students earning a place on the China National Tennis Team!

The campus is located in the Beijing Olympic Park, and has dedicated access to a wide range of Olympic facilities. These include a 3000-spectator capacity competition tennis stadium, which is one of the stadiums used during the annual international China Tennis Open, an indoor stadium with 4 tennis courts and one clay court, an all-weather surface Olympic hockey stadium with a 400m running track, artificial turf soccer fields, basketball courts and priority-use basis for the majority of the other Olympic Sports facilities.

As BISS celebrates its 20th anniversary this coming 2014/2015 school year, it is an ideal time to announce the opportunities this integration brings us. The expansion of our campus to include NCIS facilities provides the means to enhance our programme, as well as room for growth.

More information will be forthcoming over the coming weeks. We thank you for your support, patience and guidance in making BISS the best school in China!
